

Make your partner feel loved

MAN OR WOMAN

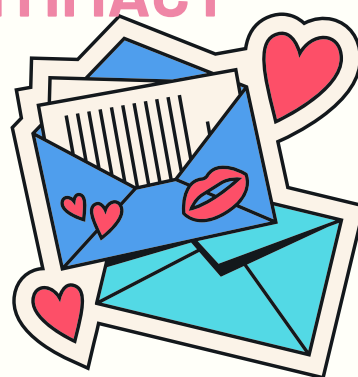

MEN VALUE PHYSICAL INTIMACY

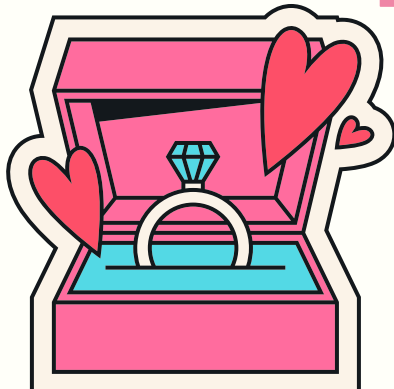

Men tend to value and feel loved when their partner shows them intimacy and affection in a physical way. Hugs, kisses, touches all make him feel your love.

WOMEN VALUE EMOTIONAL INTIMACY

Women tend to value and feel loved by their partners when they are shown emotional affection. Listening, empathy, and communicating your love to her.

BOTH VALUE COMMUNICATION

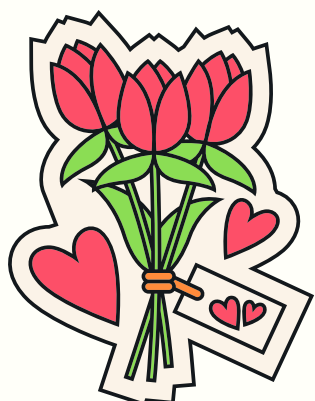

Men & women have different needs and styles but we all alike our partner communicating with us honestly and openly.

TRUST IS ESSENTIAL

Men tend to feel more loved when they can see their partner's loyalty & faithfulness. Women tend to seek more emotional security to feel their partner's love

RESPECT IS INTEGRAL TO BOTH

Men feel respected when their partner admires their accomplishments or supports their goals. Women feel respected when their thoughts and feelings are listened too.
